

 Warehouse Star

# Shipping

## Web App

Say goodbye to long waiting times: With the web app **Shipping**, packed goods leave your warehouse in the blink of an eye.

## Your Benefits

- **Everything at a glance:** All relevant data regarding the shipping order is readily available in the system. No more tedious searching for customer data or time-consuming measuring and weighing of packed goods.
- **Transparent planning:** Avoid surprises with delivery times and costs. Thanks to the direct integration with your shipping service provider account, you always select the optimal shipping option.
- **Your choice, your partner:** Store preferred carriers so your employees always choose the shipping partner your customers appreciate.
- **Seamless integration:** Utilize the benefits of the integrated Bitergo Warehouse Management Solution and access other apps such as Packaging and Outgoing Goods.

## Functions and Features

**Simple and fast:**

Send packages including price selection and label printing with just a few clicks.

**No guesswork:**

Easily load the required package data through input of the package number or via the convenient search function.

**Optimal shipping options:**

Our app transfers the package data to Parcel International and identifies the best shipping option for you.

**Your choice, your control:**

Select the appropriate shipping function from the list.

**Always at your fingertips:**

Conveniently print out the label.
